

CULTURAL CROSSOVER

with **Christina Hillesheim**

About My Mission

Serving in Croatia through discipleship, media, and apologetics

Croatia is a beautiful and complex nation where faith and secularism often intersect. My mission is to share the hope of Christ by connecting hearts and minds – bridging faith, science, and culture through relationships, digital discipleship, and community engagement.

Since moving to Zagreb, I've seen God open new doors for outreach:

- On campuses, through personal conversations with students exploring faith.
- Online, through videos and training resources on science and religion.
- In local communities, through volunteering with the Red Cross and Zagreb Zoo, where I connect with both visitors and staff.

New Chapter: Four Ministry Roles

God has expanded my reach in 2025!

Global Technology Team

Pioneers International

Supporting missionaries worldwide through learning systems, training design, and global resource development.

PIONEERS

Apologetics & Faith

Science Ministry

Engaging both believers and skeptics through online talks, university partnerships, and conferences that explore how faith and science work together.

This includes the ongoing *Science and Religion Series* and participation in academic events such as the *Center for the Study of Science and Religion* conference in Zagreb.

Croatia Media Team

OneKingdom

Leading a new online discipleship platform called *PostojiNada* ("There Is Hope"), featuring courses that introduce people to God and faith-based living.

These courses also address **mental health, addictions, and family relationships**, helping people find healing and hope in Christ.

Local Church Ministry

City of Zagreb

Serving on the **Tech Team** for the city's only English-language international service and leading a **discussion table** in the new weekly discipleship course.

These opportunities allow me to help others grow in their walk with Christ while being rooted in a local church community.

Outreach Highlights

Zoo Volunteering: Serving in multiple areas of the Zagreb Zoo, assisting zookeepers and interacting with hundreds of visitors weekly - building language skills and relational bridges.

Red Cross Community Involvement: Volunteering at the homeless shelter and educational safety events for children.

Academic Engagement: Partnering with ministry leaders and educators through the *Lausanne Network* and the *Faraday Institute* to expand faith-based education and apologetics outreach.

Digital Discipleship: Developing online mini-courses that connect seekers to trained e-coaches for one-on-one mentorship and Gospel-centered discussion.

Book of the Month Initiative

Each newsletter features short reflections on books that inspire growth in faith, leadership, and worldview - from *The Emotionally Healthy Leader* to *Imagine Heaven* - encouraging thoughtful engagement for both believers and seekers.

BARK BOX

Even my dog **Guapo** has a ministry of his own - spreading joy, comic relief, and friendly warmth everywhere we go. (Follow his adventures in each monthly update!)
